

PUBLIC SERVICE NOTICE

**MOSQUITO
CONTROL**

The City of North Augusta is committed to reducing the number of disease-carrying mosquitoes to improve the quality of life in the community and protect public health.

The City of North Augusta's Mosquito Control Program will begin the week of **May 20, 2026** and continue through **October 28, 2026**. During this time, a truck equipped with a chemical sprayer will travel throughout various neighborhoods within the city limits of North Augusta on **Wednesday's** of each week during the hours of **4:00 a.m. – 6:00 a.m.**, dispensing an environmentally friendly product consisting of essential oils such as cedar, citronella, lemon grass, garlic, geraniol, and rosemary.

If you have any questions, or if you would like to have your property excluded from mosquito spraying, please contact Superintendent of Property Maintenance Roy Kibler at **(803) 441-4244** or by email at **rkibler@northaugustasc.gov**.
